

### REMARKS

This application is a division of Application No. 09/839,891, filed April 23, 2001, allowed, which is a division of Application No. 09/266,829, filed March 12, 1999, now U.S. Patent No. 6,303,945.

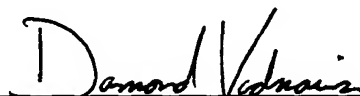

The formal drawing sheets filed with the subject application include Fig. 7, which was added in parent Application No. 09/839,891 after being approved by the Examiner.

The specification has been amended to effect minor improvements in terminology and to correct minor typographical errors. The specification also has been amended to include references to Fig. 7. No new matter has been added.

Claims 20 to 25 are in the application. These claims were restricted out of parent Application No. 09/839,891, and are being re-presented here for an action on the merits. Favorable review and early passage to issue are respectfully requested.

Applicants' undersigned attorney may be reached in our Costa Mesa, California office at (714) 540-8700. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,
